has served as a precedent for many years was broken yesterday, when Val-Rideout, a former captain of the University track team was again elected to that position. This action was taken at a meeting vesterday noon, when four out of the six last year trackmen present cast their votes for Rideout. The ballot was a secret one but the supposition is that Russell and Whitney each received one of the other two votes cast. The six members who were present and voted are: Riser, Russell, Whitney, last year's captain, Rideout, Thompson and Wade. These are the only members who succeeded in winring any points in last year's meets. and consequently the only ones who had a right to vote or be voted for.

During Rideout's former captaincy the school had one of the best teams. if not the best team, it has ever had. That year Nevada was beaten by a narrow margin and Rideout did his share in accomplishing the feat. He captured the short distance races in great style and gave his team mates the advantage in the relay which finally sent Brown over the tape a winner not only of the race, but of the meet. Last year, however, he did not show up well, per-haps because of a lack of training. In the hundred yard race at the State meet, he was defeated by Moore. Whitney and Douglas but showed up better in the relay race. He improved, however, as relay race. He improved, however, as the season progressed and captured the quarter mile event at Nevada in record-breaking time. In short races he is a Bittle slow at getting off the mark, but once off he settles down and runs in magnificent form. He is a pretty runner and has that long, steady stride which is so much desired and sought after by all sprinters.

The track team has lost and gained come good men this year. Stefferson, the reliable high jumper and shot put-ter who has served his school creditter who has served his school creditably for many years, is now doing the braching stunt up at Ogden and will be among the missing this year. Lever, a good man on a high jump, is not at school this year. Benny Roberts, who was to have captained this year's team, is taking a year lay-off. Roberts was the only hurdler of any ability at the school last year and his absence will necessitate the development of a new man in this line. Fred Bennion, of football renown, is now doing the pedigogical act but he hopes to get back in time to twirt the hammer this spring. Moore and Pitt of the High school are

Moore and Pitt of the High school are valuable additions and there are a number of new students who give good promise. Moore was captain of last year's High school track team and served well in that position. At the state meet he captured the 100-yard elegant style and the spectaular finish of the relay race, in which People Paid Well for Playing the into an ignominious defeat, will never be forgotten. It cost University the day and made the defeated High school feel victorious in her very defeat. Pitt is a good quarter-mile man and can be developed into a hurdler of no mean

The track team will spend two hours in the gymnasium on Mondays and Wednesdays. This will be preliminary work and ought to get the boys in good shape by the time the active season gets here. As soon as the snow gets off the ground the work of laying a new cinder track will be commenced.

GAME FOR THE L. D. S. TEAM.

Has No Trouble in Downing the Salt Lakers.

The L. D. S. U. basketball team easily defeated the Salt Lakers by a score of 48 to 8, in an interesting little game of basketball which was played yesterday afterneon at the former's gymnasium. The Saints showed superjor team work end outclassed their opponents from the beginning, so that the game was never in doubt. The Saints not only showed up better in good fast field work, but seemed to have an eagle eye when it came to throwing for baskets. The team work of the Saints is improving, and the old double and triple passes were executed with such speed and accuracy that little of the playing was done in their territory. Christy, the old-time star, was in the game and guarded his men with customars accuraces. Himblin, the crack forward of two vents ago, is steadily improving and did better work vesterday than in any previous game this vear. The Sait Lakers have some good men and ought to develop into a pretty fair team with a little more hard practice. Rippeto, at center, showed up well, as did Rasmussen and Riehards.

HIGH SCHOOL BOYS GET PINS.

Members of Football Team Presented With Souvenirs.

At a general assembly held at the west side high school yesterday afternoon the tootball boys were presented with near Bittle pins by the school athletic association, and they in turn presented the school with a large framed picture of the school with a large framed picture of the team. The pins were to have been presented before the holidays, but were late in arriving. Corydon Higgins, as president of the school athletic association, made the presentation speech, after which the boys came forward as their names were called and received their pin. The pin is made of gold and is very rovel in form. On the top is a little bar with the word "Champions"; below is a little football, and joining the two are Participants in Recent Contest in Prize Ring.

the letters "S. L. H. S." On the back is the player's name and place. Will Fowler, manager of the football team, then presented the school with a large framed picture of the team. Mr. Enton made an acceptance speech in be-half of the school. Several speeches were made by alumni of the school, after which the assembly adjourned with a "viva."

U. of U. Freshmen Victors at Indoor

An exciting game of Indoor baseball

was played in the Armory last night by the University of Utah freshmen versus Company H. National Guards, in which the freshmen were victorious by a score of 31 to 15. The event had not been advertised, and as a consequence the attendance was light, but the game was of sufficient interest to have merited a large attendance. The features were the pitching of Brown and double plays of Hunt and Liebman. The line-up was as follows:

lows:
Freshmen-Hunt, Cannon Russell.
Simpson, Bryant, Dyer, Redd, Brown,
Liebman,
Company H-Young, Williams, Chase,
Rodebeck, Bero, Thompson, Otterstrom,
Oberg, Bassett.
The University boys are much interested in the sport, and are anxious that a
league be formed to enhance the interest.
Next Wednesday the freshmen will play
the Twenty-second battery nine at the
Armory, The game will be called at 4

PUBLIC HAVE AN INNING.

Favorites Won in All Races at Oakland.

San Francisco, Jan. 8.-Favorites and other well-played horses took the races at Oakland today and the public had the best of the argument. The fourth event. over the Futurity course, resulted in the closest finish of the afternoon. Bullman put up a vigorous ride on Matt Hogan and landed him a winner by a neck from Cousin Carrie, who beat Quiet a rose. The last named was interfered with Ulcima, a mare that won at Sauttle, made her first appearance here, and won the opening number at odds of 6 to 1. Ananias, the favorite, led all the way in the 3-year-old race. Larsen carried off the riding honors by reaching the wire first on three occasions. Results:

First race, Futurity course, seiling—Ulctma won, The Miller second, Rustic Girl third. Time, 1412.

Second race, one mile, selling—Hilluouon won, Velma Clark second, Sueden third. Time, 140.

BAD DAY FOR FAVORITES.

Races.

Los Angeles Cal., Jan. 8.-At Ascot park today only one of the six favorites got to the wire in front of their respective. fields. Jockey J. Lewis landed two winners, both 29 to 1. The books guit the day winner by many thousands. Urbano day winner by many thousands. Urbano won the first race, Estado, the favorite, being left at the post. The second went to Golden Boy, the second choice. The one-mile selling event was another upset, Goldone the favorite, finishing outside of the money. Platonius won, Mr. Robinson, at 30 to 1, was a new one to the talent, and he ran unbacked in the fourth, He won easily from J. V. Kirby Orsina captured the fifth from Glennevis and was the only successful favorite. The last race went to Pilot at 3) to 1.

WENT SIX ROUNDS.

Herrera-Neary Fight to a Draw in Milwaukee.

Milwaukee, Jan. 8 .- Aurello Herrera of California and Charles Neary of Milwankee went six rounds to a draw before the Badger Athletic club tonight. The Mexican had clearly the better of the argument on points in every round except the fourth, when in a flerce mix-up Meary landed a hard right on the jaw, staggering his man. This round ended with Herrera's right ear bleeding and Neary's lip cut badis. Herrera landed at will, but did not seem to have the force to his blows to turn the trick. The light ended in a hot mix-up, but both men finished strong.

Crescent City Racing.

New Orleans, Jan. 8.—Crescent City summary:
First race, selling, six and a half furiongs—Second Sight won, Cedar Rapids second, Ghats third, Time, 1.25.

The year's ope-"Retail trade has been somewhat slow to recover from the holiday duliness. partly because of the bad weather, which ulso retarded collections to some extent. Traffic was impeded and shipments of nerchandise delayed. "On the other hand, the low tempera-

ture stimulated the demand for season able goods, and burdensome stocks in the hands of dealers were reduced. Jobbers and manufacturers in those lines received supplementary orders, and the wool market became firmer in tone, although actual soles did not increase materially. Mills and factories report irregular conditions, some industries opening the new year under very favorable conditions, while other branches are extremely quiet. "In the leading manufacturing industry the year opens with quiet conditions as to demand, but much irregularity in the matter of wages. Numerous reductions went into effect and several others are contemplated. During the last quarter net earnings of the leading producers were less than half those of the corresponding months of 1902, and similarly unsatisfactory returns indicate the heavy contraction in this industry, and there was a very large decrease in orders on had at the opening of the year.

Failures this week in the United States are 400, against 222 last week, 284 the preceding week and 350 the corresponding week last year. Failures in Canada number 37, against 17 last week. 22 the preceding week and 24 last year." supplementary orders, and the wool mar-

WHAT BRADSTREET SAYS.

New Year Opens Quietly, but With Satisfactory Features.

Cold, stormy weather has re tarded business and transportation, but In some sections has stimulated sales of beavy goods, shoes and rubbers at retail Wholesale business is seasonably quiet at Wholesale business is seasonably quiet at leading Eastern and Central Western markets, but it is worth noting that spring demands and shipments have begun at the Southwest. Collections show a slight improvement and money is easing, supplies of that commodity being in better supply than heretofore. Preparations for spring are going forward actively, and with a good show of conservative confidence. "War talk has been a stimulus to many

confidence
"War talk has been a stimulus to many markets, notably those for cereals and provisions, but securities and cotton have been depressed thereby. Iron and steel in the cruder forms have shown steadiness and, though quiet at the East, are in better demand in the more finished forms at the West. Lumber, while affected by climatic influences upon building, is in active export demand, with quotations held firmly.

CONDITIONS SUMMARIZED.

International Commercial Agency's View of Situation.

New York, Jan. 8 .- Special telegrams concerning business features rom correspondents of the International Mercantile agency throughout the United States and Canada are summarized

In addition to duliness incidental to the first week of the year, blockades to traffic and trucking caused by mow and extremely cold weather, have interfered with attention to mail orders and full recovery from holiday stagnation. War rumors have resulted in great irregularity in the stock and cotton markets and have stimulated prices for cereals, provisions and copper. In addition, coffee is lower on its statistical position, and tin higher on improved demand. Banks at larger cities are said to be

a much stronger position than in-eased loan accounts would indicate ad trust company reserves, notably at New York, are exceptionally heavy, Demand for steel and coke has im-

proved materially. Rail mills have contracts to keep them busy until April, Leather business is active, but dry goods jobbers are hanging back. Print stocks are pretty well depleted, with only fair orders. The shoe industry has

had a record year.

Boston bankers state they think the ndustrial prospect is fair and look for

At Chicago, the volume of business for 1903 was about equal to that of 1902 Losses in iron and steel were offset through the region tributary to that city by gains in distribution of shoes, clothing, groceries, coal, leather and lumber. The spring outlook there is for a big business in shoes, jewelry, hats and dry

St Louis bankers say the trade out-look throughout the Southwest is very favorable.

Advance spring business at Cleveland is unusually good. Louisville had the most prosperous trade in 1903 in its history, the only check of moment being in tobacco, due to weather conditions. West of the Misslesippi snow has

helped the winter wheat.

Trade has been quiet in the Canadian dominion. Iron and steel-makers are extending plants to take advantage of rations in coal and copper ore show largely increased outputs. Banks re-port large gains in deposits. Nearly 200 branch banks have been established within a year. Dealers in shoes, clothing, jewelry, implements and provisions tell of gains in 1903 over previous years
